

LiTaLink Privacy Notice (POPIA), Terms & User Responsibility

Privacy Notice (POPIA), Terms & User Responsibility

1. POPIA Privacy Notice

LiTaLink processes personal information in line with South Africa's Protection of Personal Information Act (POPIA). We collect and use personal information only where it is needed to provide printing, stationery, wall art, delivery, payment verification, customer support, account management, fraud prevention, audit records and lawful business administration.

Information we may collect: name, email address, phone number, delivery information, uploaded documents or images, print options, order details, payment method, proof of payment, support messages, reviews, account activity and order history.

How we use information: to create and manage accounts, process orders, calculate pricing, prepare invoices, verify payments, arrange delivery, provide support, investigate disputes, improve service quality and meet legal or accounting requirements.

LiTaLink does not sell personal information. Information may be shared only where necessary with service providers, delivery support, payment verification processes, legal authorities where required, or systems used to operate the app.

Users may request access to, correction of, or deletion of their personal information where permitted by law. Some records may need to be retained for accounting, dispute, fraud-prevention or legal reasons.

2. Uploaded Files & Storage

Uploaded documents, payment proofs and order information are used only to complete the customer's order and related support. Sensitive uploads should be protected through private storage, secure access controls and Row Level Security.

Customers should not upload unnecessary sensitive information such as passwords, banking details, private identity documents, medical records or other highly confidential information unless it is strictly required for the order.

3. Copyright & Content Responsibility

By uploading files or placing an order, the user confirms that they own the content, created it, licensed it, or have permission to print, reproduce or use it.

Users must not upload or order printing for unlawful, stolen, fraudulent, defamatory, harmful, exam-leak, copyrighted, pirated, trademark-infringing, identity-fraud or inappropriate material.

The user accepts responsibility for the files, images, text, designs or other content they upload or submit through LiTaLink. If a claim, complaint, loss, legal demand or copyright issue arises from content uploaded by the user, the user accepts responsibility for that content and any consequences linked to their upload or order, as far as the law allows.

LiTaLink may refuse, cancel, suspend, remove, investigate or report orders that appear unlawful, harmful, fraudulent, infringing or risky.

4. Payments, Pricing, Orders & Delivery

Prices are based on the active admin-set pricing rules shown in the app. Customers are responsible for checking order details, delivery information, payment method and uploaded files before submitting an order.

EFT or proof-of-payment uploads do not automatically mean payment has been verified. Delivery times are estimates and may change because of printing delays, payment verification, stock availability, weather, transport issues or incorrect customer information.

LiTaLink may cancel, delay or refuse orders where payment is not verified, details are incorrect, content creates legal risk, or the order cannot reasonably be completed.

5. Account, Support & Requests

Customers are responsible for keeping their login details secure and for using accurate account, contact and delivery information.

For privacy requests, correction or deletion requests, account questions, support issues or copyright complaints, contact support@LiTaLink.com.

6. Acceptance

By creating an account, uploading content or placing an order, the user confirms that they have read and accepted this Privacy Notice, Terms and User Responsibility statement.
